Appomattox Presbytery
Ministers and Elders, representing eighty-two Presbyterian Churches, met in Farmville on Tuesday, January 22, for the winter meeting of Appomattox Presbytery. Elder E. Bruce Harvey, Attorney at Law, of Altavista, was elected and served ably as Moderator of the meeting.

Presbytery elected its Commissioners to the 1963 meeting of the General Assembly which is scheduled to meet in the First Presbyterian Church in Huntington W. Va., beginning April 25. Commissioners elected were: Ministers — James G. Thompson of Lynchburg, J. Hope Smith, Jr. of Farmville, and William B. Gold of Altavista; and Elders— James R. Cooke of Lynchburg, Prof. Philip H. Ropp of Hampden-Sydney, and Edward Wilson of Danville.

The main address of the day was delivered by Dr. W. C. McLauchlin, former missionary to China and Japan. Dr. McLaughlin spoke on the "Menace of Communism" from his first hand experience. He divided his message under the "cause", he stated that he believed communism to be Satan inspired and Satan controlled—its evil is beyond human ingenuity. He used the term "sham" to describe its deliberate deception under the pretext of doing good. Its progress is so rapid because it builds on and takes advantage of the "selfishness" and the "somnolence" (sleepiness) of backward peoples, but which are to be found so prevalent among may nations, including our own.

The "curse" of communism? No regard for human life; unconditional atheism; immoral standards (anything is right if it helps the Communist cause, wrong if it is harmful to that cause); universal suspicion; unparalled spying (even among children and the closest of friends).

Any "hope"? Yes there is! But only by ceaseless vigilence and tireless Christian vitality. Dr McLauchlin says that Communism is not afraid of but is always glad to use weak-kneed Christianity, but at the same time hates and fears real Christianity above anything else on earth. Said one Communist to Dr. McLauchlin, "You Christians are out to win the world, but you won't because you Christians are not willing to pay the price;" we Communists will win because we are willing to pay whatever price is necessary." Says Dr. McLauchlin, "The choice is ours."

Everything piles up handsomely in a Chevy II including savings.
Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way this one goes and goes on a gallon. They get with brakes that adjust themselves. An exhaust system that lasts longer. And a Delcotron generator that keeps battery reserve power up. Want to hear more? How about a low price, natty interiors, Body by Fisher craftsmanship —and a talk with your Chevrolet dealer soon.
